Samantha Rivera	Ocala, FL	2019-01-19	"This was something I grew up going to that kept me and my siblings out of trouble and into fun. And now older it was nice sharing it with my children. It's so sad there is nothing as it is here in Ocala and for it to be torn down is devastating and brought tears and alot of emotions. These kids out here need this! To here how much money is being invested in building something new instead of repairing it is absolutely sickening. We need a water park in Ocala!"
Ashley Moore	Altoona, FL	2019-01-22	"Growing up I spent many weekends there my family always had season passes. I have so many memories there. It is a shame that they are tearing something down that can be saved. Wild waters used to be the place to be till they closed it but it still can be. They need to bring it back so that families have an affordable option of fun in Ocala that can bring the city revenue other than crime. This place is a landmark it is sad that they are tearing it down against what the people want. We need wild waters back in Ocala!"

Betsey Flanders	Palatka, FL	2019-01-27	"Wild Waters was a place I visited a lot as a child and was able to take my a daughter very few times before it closed down. Tons of my childhood memories were made in that park. I think this would be a great for the county. Surrounding counties like Putnam have limited entertainment options where most of the time we have to go to a different city to do anything family friendly. This would bring tourism back to Silver Springs as well. Florida has several water parks but most are several hours away. This would be more convenient for families not wanting to or not able to travel hours away. It breaks my heart to see a park so many loved be destroyed."
